railway, in a duel at Helper Sunday morning, is in Salt Lake
Maxwell obtained his release from the Carbon county jail at Price on bond Tuesday morning, and came to Salt Lake with his attorney, Samuel King, and Max P Braffett, the attorney for the Utah Fuel company, which Maxwell represents throughout the territory in which the shooting occurred. King and Braffett went to Price Monday afternoon to look into the case for Maxwell. Tuesday morning the alleged "bad man" appeared before Justice of the Peace H. G. Mathis at Price, and his bond was fixed at \$5000, which he furnished, with Mr. Braffett and L. W. Melburn, a coal mine owner and rancher, as sureties. He is charged with assault with a deadly weapon with intent to commit murder. murder. Right Arm Paralyzed.

Maxwell, with Mr. King and Mr. Braffett, arrived in Salt Lake over the Rio Grande Western railway at 6:05 o'clock Tuesday evening. He is carrying his right arm in a sling as a result of his duel with Reigle. Otherwise he appears to be none the worse for wear. His right arm is partially paralyzed from the wound in the right shoulder, one of the bullets from Reigle's revolver chipping a piece from his collar bone, breaking it. The injury was attended by Dr. Frank Fisk, whom Maxwell is reported as having refused to allow to care for the injury because the physician is the injury because the physician is president of the Carbon County Week ly News, which has printed several stories about Maxwell's alleged lawless-

stories about Maxwell's alleged lawlessness.

With the return of Maxwell's attorney came his side of the duel with
Reigle. According to Mr. King the
trouble that resulted in the shooting
sffray Sunday morning had its inception three weeks ago, at which time
Maxwell returned from Nevada, where
he was prominently identified with
mine owners in recent labor troubles.
Maxwell entered the saloon in which
the shooting occurred Sunday morning, and, placing a dollar upon the
counter, offered to buy a drink for himself and the keeper of the place.
Paddy Mack entered the saloon while
the dollar was lying on the counter,
and remarked that Maxwell might as
well "blow" it all in, as it was
"scab" money, anyway. Maxwell emphatically protested against the implication that he was a "scab," and there
were suggestions of gun play. Mack
said he had no gun, and suggested that
their differences be settled with fists.
Maxwell placed his gun, which he had
drawn, upon the counter, and made the
proposition that they shake the dice
for the gun, to which Mack would not frawa, upon the counter, and made the proposition that they shake the dice for the gun, to which Mack would not agree. A quarrel of a similar nature occurred between the two men later in the day, but did not result seriously, although Maxwell is alleged to have struck Mack over the head.

Threatened By Mack. Between that time and Sunday morning, when the trouble came to a climax in the shooting, Maxwell claims to have been told frequently that Mack threatened he was "out for him," and would "get him." Sunday morning, about 2 o clock, Maxwell entered the saloon, which he had visited frequently in the night. Only three or four others were in the place, and they were at the rear, playing cards, which Maxwell had quit earlier in the night. Suddenly, according to Maxwell's story, he was surprised to turn and see Mack standing near him. Mack volubly abused Maxwell, intermingling with his other epithets that of "scab" often, Maxwell says, which he resented. On the heels of Mack, Reigle entered, unseen by Maxwell, while he and Mack were engaged in a fistic bout. Maxwell claims he was warned of Reigle's presence by Mack exclaiming:

"Don't let him get at his gun."

Maxwell says he turned and looked squarely into an automatic revolver in Reigle's hands. Maxwell's gun was in his left, inside cont pocket, and, seeing he was at a disadvantage, he tried to pass the difficulty off as a loke, backing along the bar to the front of the saloon.

Several other persons, friends of Between that time and Sunday morn

Several other persons, friends of Mack, Maxwell says, entered suddenly, and it dawned on Maxwell that the thing had been "ribbed" up on him; that Mack was to start trouble with him and the others were to appear and see Mack through.

Says Reigle Shot First. At the front end of the bar Maxwell jumped over a desk that forms a part of the bar, landing behind on oak ecreen. Reigle, he claims, raised himself partly over the bar by standing on an iron foot-rod that extended along its front, and began firing at him. The bullet struck Maxwell's collar bar on an iron foot-rod that extended along its front, and began firing at him. The bullet struck Maxwell's collar bone, breaking it and paralyzing his right arm. Maxwell then drew his revolver from his left, inside coat pocket with his left arm and, shielding himself behind the oak screen and bar as best he could, fired at Reigle, the ball striking him in the right breast. Reigle, ing him in the right breast. Reigle, who had emptied his weapon and reloaded it in the meantime, was staggered by the shot, and the others near him hastily backed to the rear of the saloon. Reigle's shots, for the most part, were rendered ineffective. Maxwell claims, by his knocking his gun upward as he attempted to shoot him.

him.

How Maxwell escaped from the saloon is told in three or four different ways. One is that he jumped from the window at the front of the saloon; another is that he and the barkeeper bumped together in the excitement at the window and Maxwell fell through it. Still another is that Maxwell smashed the glass out with his revolver. Maxwell's story is that the bartender bumped into him, throwing him through

HOLDS MARRIAGE LICENSE AS SECURITY FOR SWAN

An entirely new use has been discovered for a marriage license. Usually this very important scrip, which joins "two hearts that beat as one," is tied with blue ribbons, placed in a sachet-scented box and deposited with other personal treasures in the bottom of the wife's trunk.

If such a thing were possible, the mere suggestion of borrowing money and using the certificate as security would smack too much of the commercial to a thing so sacredly sentimental to the average woman.

WIFE COMPLAINS OF HUSBAND'S CRUELTY

In her complaint for divorce filed in the District court Tuesday, Eliza P. Trathier tates that her husband, James Trathler, has abused her a number of times in a most cruel manner. She says that on September 17 he boved her violently against the wall and milled her hair in a rude manner, threatming to cut it from her head. On several occasions, she says, he applied to her number of coarse epithets. At another time, she declares he used offensive words to her in the presence of their children. Believing that her husband intends to sell the piano and other articles of personal property. Mrs. Trathler asks that he be onjoined from disposing of any of their property in any manner.

She makes two causes of action in her omplaint. In the second cause of action he states that her husband is a habitual drunkard, and offers this as an additional eason for a divorce. Besides a divorce. Mrs. Trathler asks the court to award er the custody of her eight children, 30 a month alimony and \$50 attorney's fees. The Trathlers were married June 5, 1884, at Alma, Ida.

HARRY CLELAND IS HELD UP BY THUGS

A daring hold-up occurred last evening at a little after 11 o'clock on Second West, just below Ninth South. Harry Cleland, a stereotyper employed by The Tribune, was walking with a lady, when a revolver was thrust into his face and he was told to throw up his hands. While one man covered Mr. Cleland with a weapon, the other quickly went through his clothes and relieved him of his watch and about 38 practically all the valuables which he had about him. On the approach of an electric car the robbers made off. Mr. Cleland is especially grieved over the loss of his watch, which was a gift. The met were no disguise and Mr. Cleland says that he can positively identify them. The matter has been reported to the police, who are working on the case.

EAGLES WILL HAVE A BIG INITIATION

Next Friday evening, Aerie No. 67, Fraternal Order of Eagles, will hold a meeting in their lodge rooms on West Temple street. This aerie has over 600 members, and an effort is being made to increase this number to 1000.

A class of about 200 applicants for membership are now awaiting to take their initiatory degree. One-fourth of this number will acquire the necessary pinions next Friday evening, and the balance will fly at succeeding meeting. Among this number will be many of the popular and representative men of the community.
